

DelDOT - Development Coordination EMAIL-BLAST

Subject:

MUTCD Updated: Interim Guidance Pavement Markings

Effective Date:

March 4, 2022

Notice

Development Coordination would like to inform you that the Chief of Traffic Engineering has issued an Interim Guidance to the Delaware Manual on Uniform Traffic Control Devices (MUTCD).

The [Interim Guidance - 6"/12" Pavement Markings](#) increases normal line widths from 5" to 6" and wide line widths from 10" to 12". For more information, please refer to the [Delaware MUTCD website](#), under "Part 3 – Pavement Markings".

All construction plans currently in review that have NOT been issued a Final Approval letter, will be required to include the updated guidance. **No changes are being made to the roadway width.*

If you have any questions, please feel free to contact the Development Coordination Section at 302.760.2266.
